Radius

Two steps and a shape. Anything that is round by definition — the switch track, the radio, the badge, the slider — is circular, which is not a step.

	sm 4 checkbox · diff mark · tab indicator		md 8 button · chip · segmented · field · search · card · menu · dialo		circular switch · radio · badge · slider
--	--	--	--	--	---

Elevation

One level, for what floats over the content. Everything else that needs an edge takes a hairline instead — a card sits in the page, it does not hover above it.
